

Leo Technosoft is a leader in DotNetNuke (DNN) Module Development, DNN Skin and Integration services. Our DNN Developers have successfully built several custom DNN modules and Web applications on Dotnetnuke framework for our diverse clientele from the finance, education, healthcare, manufacturing and retail sector.

We have one of the biggest offshore DNN development team that has worked extensively on DNN platforms (right from the 1.0 version release), for various global companies. Additionally, Leo Technosoft has set up offshore development teams for leading U.S based core DNN development companies.

## We offer a range of services in the DotNetNuke domain

- Custom module development
- DNN skin design
- DNN code optimization
- Search Engine Optimization (SEO) for DNN sites
- DNN installation and hosting
- Setting up Offshore Development teams in DNN
- Integrating DNN with enterprise products like sharepoint.

## The key features of our infrastructure include:

- Dedicated 30 plus senior DNN Developers with an average DNN experience of over three years.
- All Developers are connected to US based VOIP, Skype and MSN
- Fully secured and firewalled to maintain integrity and protection of client data.
- Redundant and load balanced internet links.
- High-end server infrastructure.
- Video conferencing facilities located in all offices
- 24/7 Help Desk Support

- Our Developers have extensive experience in module development having implemented more than 120 custom modules
- Our skimmers have developed in excess of 100 DNN skins
- We have launched more than 60 sites and portals on DNN framework
- Expertise in optimizing DNN performance and delivering applications on a RAD (Rapid Application Development) frame work.

Our economies of scale and fast turn around time guarantee you reduced operating and overhead costs leading to considerable cost savings.

Key benefits of utilizing our DNN services:

- Access to in-built custom modules
- Skilled DNN developers at affordable rates
- Improved efficiency and speed
- Flexible service options to suit your needs.
